INTRODUCTION LETTER

It is my pleasure to introduce "Sri Devi Engineers", a premier engineering firm specializing in heavy-duty surface grinding and precision reconditioning services. With over 35 years of industry expertise and a Commitment to technical excellence,

We have established ourselves as a trusted partner for some of India's leading tyres manufacturers, including MRF TYRES LTD., APOLLO TYRE LTD. (TAMILNADU, BARODA, ANDHRA PRADESH,), JK TYRE & INDUSTRIES LTD. (CHENNAI, MYSOOR, BAMORE,), CEAT LTD. (HALOL, CHENNAI, AMBERNATH,) CAVENDISH INDUSTRIES LTD., CONTINENTAL INDIA LTD. BALKRISHNA TYRE, YOKOHAMA ATC TYRE LTD.,

We are providing our services to companies such as L&T LTD., GODREJ LTD, M&M LTD., CROMPTON GREAVES LTD., ELMACH PACKAGING (I) PVT. LTD. GAJANAN DYES PVT LTD., HYDEN PACKAGING PVT LTD., and JET AIRWAYS.

At Sri Devi Engineers, we understand that precision is the foundation of industrial performance. Our state-of-the-art facility is equipped to handle complex and heavy-duty requirements, ensuring high-accuracy finishes and extended machinery lifespan.

***Specialized Blade Grinding:-** Expert grinding of Fischer Cutter blades 4300mm length, and Konstrukta knives, TCS/PCS Cutter, Belt cutter slitter blades used in radial tyre manufacturing.

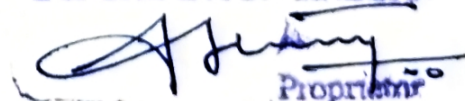

***Reconditioning & Resharpener:-** Restoring worn components (such as bolster plates and shearing blades) to original specifications to reduce operational costs.

***Custom Grinding Solutions:-** Tailored services for materials ranging from industrial steel to aluminium,

We would welcome the opportunity to discuss how our specialized grinding services can support your production needs and improve your equipment's efficiency. Thank you for your time and consideration. We look forward to the possibility of collaborating with you,

Thanking you.
